

To the Easton Fitness Community,

As We the People continue to navigate the Coronavirus Pandemic and its extreme impact on our daily lives, your Gym...Easton Fitness, remains committed to be here when this is all said and done. Like you, we are struggling emotionally, financially and otherwise during this unprecedented time in our lives. We have spent hours contemplating our corporate strategies to remain relevant and vibrant during this time. It is not lost that virtually no one reading this message has ever experienced anything like a Pandemic. Most, if not all, have experienced a downturn in the US or World economy...no one has experienced an economic calamity seemingly with a throw, "of a switch."

Initially, a few weeks ago when all of us could see this Pandemic creeping our way, thankfully, we ordered many "industrial strength" sanitary wipes and spray. Essentially, we got a few days ahead of the demand. With that, we were aggressive in wiping the gym and gym equipment constantly. Easton Fitness, prior to the Pandemic, could already claim that we were a very clean Gym. We went into overdrive to try and stem the tide of anyone contracting anything vile at our Gym. Very quickly that became irrelevant as we temporarily closed our doors following the mandate by the Governor. So, the good news is that when we resume operations, we will not have a shortage of sanitary cleaning supplies that we think other quality Gym's may encounter?

When we ceased operations, the State was alluding to a two-week time frame. Very quickly it became apparent that this time period was more optimism than realism. Well...here we are at the end of March and it's looking more and more that we may be in this quarantine period for another month or so...who knows? We (Easton Fitness) fully realize the financial impact this is having on our Gym Members and their families. We feel it too. So, regarding the month of April 2020 we are prepared to suspend your Gym membership at your request. Please reply to this message with your first and last name and we will suspend your membership

for the month of April. To confirm that we received your request, please look for a reply to your request indicating confirmation. If, for some reason, you do not receive a confirming email from us, please send another message. There will be no judgement on our part, if you need this financial relief please do not hesitate...we understand and stand ready to willingly comply.

To those of you whom have reached out and offered continuance of your membership...we can only say, thank you so very much...it is appreciated. And, for you, we will add on one free month of membership to your existing 12-month agreement. For example, if your 12-month agreement was scheduled to renew October 2020. Then, November 2020 will be a free month and normal billing would resume December 2020.

In closing, we want you to know that we really care about your health and wellbeing. We opened this Gym only six months ago with a simple concept. To provide a fun, energetic, different, comfortable and vibrant place to exercise and work out. We wanted then and will continue to strive when we reopen, for a place you look forward to coming and don't dread its existence. Thank you for being a part of Easton Fitness and we look forward to seeing you soon!

All the best,

Joe Frisolone & Dayne Prothero
